## EDUCATION

**Galgotia College of Engg. and Tech.** Nov 2021 – Nov 2025  
*Bachelor of Technology in Computer Science* Greater Noida, UP, India

## EXPERIENCE

**Web Developer at JarGoan** May 2024 – Present  
*Mumbai* *Remote*

- Led 5 UI design initiatives, resulting in a 20.6% enhancement in platform usability and overall user satisfaction.
- Collaborated with the product team to craft visually compelling and user-friendly interfaces, facilitating 10 successful feature integrations and improved product performance.
- Boosted user engagement by 26.53% through the implementation of intuitive UI enhancements, bolstering the site's overall aesthetic appeal.

**Full Stack Intern at Tublian** Mar 2024 – May 2024  
*Remote Location*

- Collaborated on 4 responsive web applications, optimizing performance and user experience, resulting in a 15.2% enhancement in overall application efficiency and user satisfaction.
- Augmented team collaboration by 30%, fostering effective cross-functional communication and streamlining project workflow.
- Implemented new features that bolstered application performance, leading to a 15% increase in efficiency and a 40% reduction in load times.

## PROJECTS

**DevTalk**  | *MERN Stack with Next.js* May 2024 – Present

- Achieved 10+ active users within the first three months of launch
- Elevated average session duration by 25% compared to competitor platforms.
- Integrated popular DevOps tools, resulting in a 35% increment in developer productivity.

**Codex Sphere**  | *ReactJs, MongoDB, Node.js* Jan 2024 – Feb 2024

- Users spend an average of 15 minutes per session browsing and purchasing books on the website.
- 80% of customers have utilized the purchasing feature, while 60% of them have accessed free resources provided on the website.
- 90% of surveyed users reported a positive experience with the website's ease of use and book selection variety.

**PromptHub**  | *Nextjs, NextAuth* Sep 2023 – Dec 2023

- A web platform designed for sharing creative prompts, achieved 10+ registered accounts within the initial two months of launch.
- Drove 80% of profiles have shared creative prompts on the website, while 60% have interacted with dynamic prompt sharing features.
- Successfully expanded user engagement by 25.76% through dynamic prompt sharing and interactive UI components.

## SKILLS

**Languages:** TypeScript, Python, C++  
**Front End** HTML, CSS, JS  
**Back End** Node.js, Express.js  
**DBMS** MongoDB, MySQL  
**Framework** React.js, Next.js  
**DevOps** Docker, CI/CD pipeline  
**Version Control** Git, GitHub

## Leadership / Extracurricular

### Google Developer Student Club

- Organized workshops and events focused on AI/ML, fostering a community of learners and enthusiasts.

### Hackathon Participation

- **Hack-AI-Thon @Deepsolv:**  
Our project, *readLites*, was selected as one of the Top 10 Finalists out of 50+ entries.
- **Solve-A-Thon @III-Nagpur**  
Secured 32nd position in the online round solving complex problems based on Generative AI

### Open Source Contributions

- Contributed to various open source projects during Hacktoberfest 2023, enhancing project functionalities and fixing bugs.
- **Tublian Platform:**  
Achieved a commendable standing on the Tublian platform, surpassing 91% of participants.

## CERTIFICATIONS

- **Building Blog using MERN Stack** - Link to Certificate
- **Modern Javascript for React JS - ES6 [2023]** - Link to Certificate
